## **Take the Following Steps to Stop Air Conditioning & Copper Theft in Your Area!**

**RICH Inc. is working with Orange County Law Enforcement agencies to bring awareness to the rapid increasing criminal activity of air conditioning units and copper theft in your area.**

**Scrap yards are paying high dollar for air conditioner coils and copper. As their prices increase so are your chances of becoming the next victim of this costly vandalism.**

**The thieves work at night targeting rooftop units of businesses, strip malls, shopping centers, behind the structures of homes, warehouses, and apartments. These late night vandalizing thieves have not been caught, and are profiting off your personal property, leaving you with the agony of a costly repair or replacement.**

**RICH Inc. is a specialized cooling and heating service provider serving Orlando areas with over 20 years of trusted and personalized service. We are offering an efficient and a low cost solution to preventing air conditioning units and copper theft, saving you thousands of dollars and increasing the apprehension of these thieves. **Call Rich for more information!****

**Call 911 if you see any late night suspicious activity in your area.**

**Call Rich to alarm your system!**

**RICH Inc. and Orange County Law Enforcement agencies thank you for your cooperation.**
